

Sample Bag Box

We know it can be difficult for our customers to store sample bags. In an effort to make storage easier, we found a box that can hold the sample bag. The box is available at Uline; part number S-4084. It's an 8x8x8 cube box. Their website is www.uline.com and their phone number is 1-800-295-5510. Please see pictures below for reference.
